## **FOR IMMEDIATE RELEASE**

November 18, 2019

### **CHMS is AMC of Choice for the American Cannabis Nurses Association**

Capitol Hill Management Services (CHMS) is pleased to announce that they have been selected to provide full association management services to the American Cannabis Nurses Association (ACNA). CHMS will be providing full-service administrative and operational support to ACNA and will work with the association's leaders to achieve the highest level of efficiency and success for the organization.

First conceived in 2006, this nursing organization represented the emerging field of endocannabinoid therapeutics to professional nurses. Formally organized in 2010, ACNA provides scientific, patient, and educational opportunities to assist nurses in understanding and advocating for their patients' needs. ACNA has developed the scope and standards of practice for the registered nurse and advanced practice nurse who intends to incorporate cannabis therapeutics into their nursing practice. "We are honored to work beside such a progressive association, in an ever-evolving industry," said CHMS President, John Graziano, Jr. "We are looking forward to working with the association's Executive Committee and volunteers in ensuring a successful future."

## **About CHMS**

CHMS is a consulting firm specializing in association management, non-profit development, government relations, and public policy research.
