**FOR IMMEDIATE RELEASE**

April 1, 2020

**CHMS to Provide Association Management Services  
to the New York State Nursery and Landscape Association**

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide association management services to the New York State Nursery and Landscape Association, Inc. (NYSNLA).

NYSNLA represents the interests and needs of all green industry professionals. This includes landscape professionals, lawn care professionals, nurseries, garden centers, equipment dealers and suppliers, among many other types of businesses. NYSNLA monitors trends, shares information and advocates for the industry on issues of importance. It also provides educational resources and networking opportunities to help members strengthen industry connections. Every business joining NYSNLA also joins at least one of NYSNLA's eight regional associations. Each regional association operates its own board while working together with the state association to deliver quality programs and member benefits.

CHMS will be providing administrative and operational support to NYSNLA and working with the association's Board of Directors to achieve the highest level of efficiency and success for the organization.

"NYSNLA serves to provide its members with educational and networking opportunities, constant access to industry related information along with current economic matters, and much more," said John A. Graziano, Jr., CHMS President. "We welcome NYSNLA to CHMS and look forward to providing the support and services they need to accomplish their important mission. We are pleased to work with the association's dedicated Board of Directors and volunteers in ensuring a successful future."
