CHMS to Provide Full Association Management Services to the Theory of Constraints International Certification Organization

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS), with offices in Albany, New York, and Raleigh, North Carolina, is pleased to announce that it has been selected to provide full service association management services to the Theory of Constraints International Certification Organization (TOCICO).

TOCICO unites people who share a passion for win-win holistic thinking and share a vision that this will become the main way to manage organizations. TOCICO is a global not-for-profit certification organization for TOC practitioners, consultants and academics to develop and administer certification standards, and facilitate the exchange of latest developments.

CHMS will be providing full-service administrative and operational support for the organization and its extensive certification program, as well as working with the Board of Directors to achieve the highest level of efficiency and success for the organization.

“TOCICO touches and serves many facets of society and the economy—and we are excited to assist them as they help educate and credential professionals in government, healthcare, project management, sales and marketing, supply chain and service industries,” said John A. Graziano, Jr., CHMS President. “We welcome TOCICO to CHMS and look forward to working with the organization’s dedicated Board of Directors and volunteers in achieving their mission and ensuring a successful future.”

About CHMS

CHMS is a consulting firm specializing in association management, non-profit development, government relations, and public policy research.
