**Capitol Hill Management Services
to Provide Web-Based Communication Services
to the
Alliance for Clean Energy New York**

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services is pleased to announce that it has been selected to provide web-based communication services to the Alliance for Clean Energy New York (ACE NY).

The Alliance for Clean Energy New York's mission is to promote the use of clean, renewable electricity technologies and energy efficiency in New York State, in order to increase energy diversity and security, boost economic development, improve public health, and reduce air pollution.

CHMS will advise ACE NY website, social media, and other online communications issues and provide analysis of web activity to identify both positive and negative trends and to suggest strategies for success.

"We welcome ACE NY to CHMS and look forward to providing the support and services they need to accomplish their mission to increase energy diversity in the Empire State." said John A. Graziano, Jr., CHMS President. We are pleased to work with the association's dedicated Board of Directors, staff and volunteers in ensuring successful online communications for ACE NY's members, supporters and the public."

About CHMS

CHMS is a consulting firm specializing in association management, non-profit development, government relations, and public policy research.
