## **CHMS to Provide Association Management Services to the Catholic Research Resources Alliance**

Capitol Hill Management Services (CHMS), with offices in Albany, New York, and Raleigh, North Carolina, is pleased to announce that it has been selected to provide full service association management services to the Catholic Research Resources Alliance (CRRA).

CRRA is a nonprofit membership alliance of institutions collaborating to deliver projects and services in support of its mission to provide enduring global access to Catholic research resources in the Americas. Its immediate focus is creating access to those rare, unique, and uncommon research materials which are held by libraries and archives in North America. CRRA offers a free portal to Catholic research resources in the Americas; sustains a distinctive network of libraries, archives and other institutions that enable its vision; and facilitates internationally the sharing of resources and scholarship.

CHMS will be providing full-service administrative and operational support to CRRA and working with the association's Executive Director, Dr. Jennifer A. Younger and the Board of Directors to achieve the highest level of efficiency and success for the organization.

"Through its committed members and outstanding programs, CRRA fosters a dynamic scholarly community," said John A. Graziano, Jr., CHMS President. "We are pleased to work with the Alliance's dedicated Executive Director, Board of Directors and volunteers in ensuring a successful future."
