Northeast Chapter of the American Association of Airport Executives Selects CHMS for Association Management Services

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS), with offices in Albany, New York and Raleigh, North Carolina, is pleased to announce that it has been selected to provide full association management services to the Northeast Chapter of the American Association of Airport Executives (NEC/AAAE).

NEC/AAAE serves to support and develop leaders in the aviation industry through the creation of networking and professional development opportunities that bring added value to members within an environment of integrity and camaraderie. The NEC aides in the continuing development of the American Association of Airport Executives (AAAE) by fostering a greater understanding and knowledge of airport issues among members.

CHMS will be providing full-service administrative and operational support for the organization, as well as working with the Board of Directors to promote a greater understanding of airport-related leadership, management, and growth opportunities.

“NEC/AAAE serves to develop leaders in the aviation industry through the creation of networking and professional development opportunities,” said John A. Graziano, Jr., CHMS President. “We welcome the association to CHMS and are pleased to work with NAE/AAAE’s dedicated Board of Directors and volunteers in ensuring a successful future.”

About CHMS

CHMS is a consulting firm specializing in association management, non-profit development, government relations and public policy research.
