## **Capitol Hill Management Services' Original Client Returns for Full Association Management Services**

Capitol Hill Management Services (CHMS), with offices in Albany, New York and Raleigh, North Carolina, is pleased to announce that it has been selected to provide full association management services to the New York State Association of Veterinary Technicians (NYSAVT).

The New York State Association of Veterinary Technicians serves to represent, promote and advance the licensed veterinary technician profession. NYSAVT achieves this goal through education, legislative initiative, public awareness and membership development by working with allied professions and organizations for the enhancement of veterinary medicine.

CHMS will be providing full-service administrative and operational support for the organization, as well as working with the group's Executive Officers, Local District Representatives and our Student Chapter Representatives to further the profession.

"NYSAVT was Capitol Hill Management Services' first client when my father opened our doors in 1981. NYSAVT serves to provide a means of communication among the membership in order to advance and improve the expertise of the Veterinary Technician, enlarge the Technician's knowledge and awareness of Veterinary Medicine, and much more" said John A. Graziano, Jr., CHMS President. "We welcome back the association to CHMS and are pleased to work with NYSAVT's dedicated leaders and volunteers to ensure a successful future."

### **About CHMS**

CHMS is a consulting firm specializing in association management, non-profit development, government relations and public policy research.
