**Capitol Hill Management Services to Provide
Association Management Services to
the North American Drama Therapy Association**

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide professional association management services to the North American Drama Therapy Association (NADTA).

The North American Drama Therapy Association was incorporated in 1979 to establish and uphold rigorous standards of professional competence for drama therapists. The organization maintains requirements that must be met to qualify as a Registered Drama Therapist (RDT). NADTA promotes drama therapy through information and advocacy. Drama Therapy utilizes storytelling, projective play, purposeful improvisation, and performance to help participants to rehearse desired behaviors, practice being in relationship, expand and find flexibility between life roles, and perform the change they wish to be and see in the world.

“We welcome the North American Drama Therapy Association to CHMS and look forward to providing the support and services they need to accomplish their mission,” said John A. Graziano, Jr., CHMS President. Working with this group of dedicated volunteers will enable us to develop a strong partnership committed to the success of the organization that promotes a creative profession in helping people improve their lives.”

About CHMS

CHMS is a consulting firm specializing in association management, non-profit development, government relations, and public policy research.
