**Capitol Hill Management Services to Provide Professional
Certification, Credentialing & Administrative Services to the
Institute of Certified Records Managers**

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide professional certification, credentialing and administrative services to the Institute of Certified Records Managers (ICRM).

The Institute of Certified Records Managers (ICRM) is an international certifying organization for professional records and information managers. The ICRM was incorporated in 1975 to meet the requirement to have a standard by which persons involved in records and information management could be measured, accredited and recognized according to criteria of experience and capability established by their peers. ICRM chose CHMS in order to centralize its international operations and update its organizational functionality and efficiency in order to support continued growth and provide the highest level of services to its members.

“We welcome ICRM to CHMS and look forward to providing the support and services they need to accomplish their mission,” said John A. Graziano, Jr., CHMS President. Working with this group of dedicated professionals will enable us to develop a strong partnership committed to the success of the organization.”

About CHMS
