Capitol Hill Management Services to Provide Management & Event Planning Services to the Mental Health Foundation

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide professional management and event planning services to the Mental Health Foundation.

The Mental Health Foundation encourages, develops and supports educational campaigns and other initiatives to improve understanding of mental illness and ensure access to quality care. The Foundation is particularly concerned with reducing the stigma of mental illness and encouraging individuals to seek early diagnosis. The Mental Health Foundation chose CHMS in order to centralize its administration and expand the scope and impact of its outreach and fundraising events in order to support continued growth and provide the highest level of services to its constituents.

“We welcome the Mental Health Foundation to CHMS and look forward to providing the support and services they need to accomplish their mission,” said John A. Graziano, Jr., CHMS President. Working with this group of dedicated volunteers will enable us to develop a strong partnership committed to the success of the organization and its important mission of raising awareness of mental illness and support to those who provide research and care.”

About CHMS

CHMS is a consulting firm specializing in association management, non-profit development, government relations, and public policy research.
