**Capitol Hill Management Services
to Provide Full Association Management Services
to the New York State Council of Health-system Pharmacists**

Capitol Hill Management Services Continues to Grow

Capitol Hill Management Services (CHMS) is pleased to announce that it has been selected to provide full service association management services to the New York State Council of Health-system Pharmacists (NYSCHP).

The New York State Council of Health-system Pharmacists represents New York State pharmacists who practice in ambulatory, long term, managed, home and acute care settings. There are approximately 2,200 NYSCHP members along with a well-established network of leaders serving on the NYSCHP Board of Directors, NYSCHP committees, and chapter officers in the nine local chapters throughout the Empire State.

CHMS will be providing full-service administrative and operational support to NYSCHP and working with the association's President and Board of Directors to achieve the highest level of efficiency and success for the organization.

"We welcome NYSCHP to CHMS and look forward to providing the support and services they need to accomplish their mission of expanding awareness of pharmacy as an essential component of health care in New York State and its communities," said John A. Graziano, Jr., CHMS President. "We are pleased to work with the association's dedicated Board of Directors, staff and volunteers in ensuring a successful future."

Related News

CHMS also manages the South Carolina Society of Health-System Pharmacists.

About CHMS
